

HON

ENABLE™
Student Desks

A LESSON IN VALUE

Our dedication to understanding 21st century learning environments established The HON Company as an industry leader in the education market. By continuing to listen to educators, we're able to respond with the solutions they need—solutions like Enable. Designed for value-conscious school districts, Enable student desks earn extra credit for long-lasting durability, thanks to their tubular steel frames (including a cross-over leg for maximum stability), scratch- and mark-resistant tops (available in hard plastic or laminate), and SecureEdge corners and sides (laminate only).

EDUCATION COORDINATION

Enable's clean, straightforward design fits in easily with other classroom furniture.
