WHEREVER WORK HAPPENS

Flexibility at work is all about choice. It encompasses getting away from the workstation, be that in collaborative spaces, conference rooms, cafés, or anywhere between. Preside collaborative tables are designed around the way people work, meet and interact. Connections happen at a moment's notice, so it's refreshing to know Preside has a variety of tables to support any type of activity.

A. FOSTERING COLLABORATION
When people get together, good things happen. Preside collaborative tables create settings where people can gather, engage and chat, while establishing a culture in which everyone can thrive.

B. A PLACE TO CALL HOME
Today's workers are mobile. Preside collaborative tables gives workers without a dedicated workstation a place to meet and connect.

C. SMART AND CHIC
A wall full of storage creates a world of opportunity. Transform any room into a productive area by organizing and displaying materials in credenzas and wall-mounted storage cabinets.

D. TECH AT YOUR FINGERTIPS
New Extron plates fit into existing flip-top ports and allow users to swap out technology, such as HDMI, VGA and USB, as their needs change.

E-F. AT YOUR SERVICE
The Hospitality and Buffet Credenzas provide flexibility for any size space. When used together, the Preside Conference Series creates spaces where people can present comfortably, share ideas visually, and enjoy a refreshment without losing productivity.

G-I. MIX AND MATCH
Preside modular storage allows you to "build your own" credenza by mixing and matching the three modular models to get exactly what you need. For a finished look, add a laminate top and back.
